LYRICS

RIDE 'EM COWBOY

by Paul Davis

Traveling with the rodeo
It's the only life I'll ever know
I started in New Mexico
Must have been a thousand years ago
I used to be the best they say
At rid'in young wild horses for my pay
But now I'm such too old it seems
I only ride wild horses
In my dreams.

(CHORUS)

They used to tell me, Ride 'Em Cowboy
Don't let him throw you down
You can't make no money, if you hit
the ground
They said, Ride 'Em Cowboy
Don't let him throw you down
You're the toughest cowboy in town.
I've always been a travlin' cowboy.
But now there's no place left to go
What an I supposed to do
Seems I'm left out in the cold.

(Repeat Chorus)

'Ole Midnight was a champion
He's the only bronc I couldn't ride
But now I hear 'Ole Midnight's blind
And rides the little children for a
dime.

Ladies used to hang around,
I must have been a hero in their eyes.
My silver spurs are rusty now
Lord I wish I'd tried to settle down.
(REPEAT CHORUS)
