LISTEN GOOD..... by Charlie Van Dyke

Congratulations to "King" Michael for a job well done on his "Twin City Music" Weekend.

Biggest request song, five to nine, "Love Story" by A. Henry Mancini, B. Andy Williams, C. Francis Lai, D. All of the above.

Am getting vibrations that the music scene is changing, and, I might add, for the better! Some of the newest sounds by Elton John, Gordon Lightfoot, James Taylor, and George Harrison, mark the beginning of a trend that promises great things.

As I rap with you on the Listen Line, five to nine, I feel that ecology is really heavy on your mind. Because of this, I'd like to share this with you: "We travel together, passengers on a little spaceship, dependent on its vulnerable supply of air and soil; all committed for our safety to its security and peace, preserved from annihilation only by the care, the work, and I will say the love we give our fragile craft." Heavy words from Adlai Stevenson, spoken July 9, 1965, Geneva.

Don't forget Creedence Clearwater - Super Group, as WDGY presents "A Weekend."

Cheerful Charlie
