LISTEN GOOD

Look WHO snuck his two cents worth in. Eat your hearts out WEEGEE deejays. It's not too often you read a column by a star of stage screen and television, and you aren't going to now. However, just getting my signature on this jewel puts me on the top forty of the Lord.

Isn't our Minnesota legislature the greatest thing since soft butter? I mean, who else could spend so much time figuring out how to tax us so much money . . . and at only ten grand a day. By the way, have you heard what Spiro Agnew accomplished on his ten nation one MOUTH tour? . . . neither have I.

For all you guys that called me about your draft lottery number, and found out it was 150 or lower . . . same to you. For those of you who called and found your lottery number 151 or higher . . . keep the checks coming.

If you didn't hear the JESUS PEOPLE last Sunday morning, let me know about it and we'll arrange another airing . . . heavy talk and great music.

That'll do it . . . so until we sneak in again, may your newest flairs never unravel.
