LISTEN GOOD by Jimmy Reed

P.S. Just a reminder that Christmas will be here buy and buy.

You can tell I had a few words with somebody else who's always in the red. I told St. Nick . . . or whatever . . . that I hadn't been a good boy and hadn't any plans to start, and I told him I organized his toy factory . . . A F of Elves.

20/20 news . . . shifting gears for winter sports. Vikings are right-on . . . target for the Super Bowl. North Stars, Gophers, Edina and all the jock-ettes are lookin' good.

HUH! It's definite . . . as of the first of the year, David Clayton-Thomas will be solo and BS&T are looking for a replacement. Dick Clark plans . . . movie called "THE YEARS OF ROCK". It'll feature over 200 artists and will be culled partly from old "AMERICAN BANDSTAND". . . . Sly & Santana albums sold enough on the day of release to be certified gold.

LISTENING GOOD . . . "ONCE YOU UNDERSTAND" by Think, sounds like it could have been recorded at your place. People are sure talking about it, and also "AMERICAN PIE". If you don't have anything to do some night, call me at 827-9911.
