LISTEN GOOD . . by George Young

Hey, Charlie Van Dyke . . . nice work on the past WDG Weeknd, "Astrology . . . Signs of the Zodiac". This has got to be the single most fascinating "science" today. I can't say I am a firm believer, but like so many others, I do manage to catch the daily horoscope in the paper, and I always wonder a bit if it calls for a "bad" day.

Rod McKuen, who by the way will appear in concert here April 23, provides the subject matter for this week-end. The gals should love it.

Latest ruling by the FCC, governing body for all radio stations, means some of your favorite songs may soon disappear from stations' playlists. Government people say lyrics advocating drug usage may not be played over "public" air waves. Just how many of the "public" had any say in this ruling is questionable, and I'm sure it will be called censorship by some, but it still stands . . .

Got some busy times coming here in the Twins . . . state Hockey Tourney now, and basketball soon to follow. 'DGY will have reports on all action, of course. Wanna welcome all from outstate to the Twins. Have fun . . .

George
