**LISTEN GOOD** . . . by Johnny Canton

Many thanks for your great response to our Solid Gold Rock 'n' Roll Weekends. I agree with you: it's a bit of all right to listen to all of the Super Gold Hits again.

It's interesting to note that many of our local "Rock" spots are changing their music formats to include all types of entertainment, ala the national trend. It seems it just isn't worth the time, money and hassle to put up with some of the ego-tripping rock acts. Additionally, the financial reward isn't there most of the time.

Congrats to good friend, John Denver, who's making it with "Take Me Home, Country Roads." He'll be in town June 18th and 19th in order to appear at the Guthrie. By the way, the concerts will be taped by RCA and will result in a new Denver LP. "John Denver Live at the Guthrie" is the tentative title. John and Annie have moved to Colorado where they'll build a new home; however, they will visit the Twin Cities often since they have many relatives and friends here. We have had some far-out times together, and, I can honestly say he is one of the most talented guys around.
