

PAGE BOY

Phil Page has a perfectly logical explanation for his premature baldness, "Grass just doesn't grow on a busy street." No grass has grown under Phil's feet, either. He's been in radio since he was 17 when he started acting in dramas on his hometown station in Wichita, Kansas. He worked part time in radio while attending college and wasted no time in working up to a top network job upon graduation. It's a long jump from announcing soap operas to being a deejay but Phil likes jock work for the freedom of expression it gives him. Tune in the Phil Page Show, 3 to 6 p.m. on KDWB and hear him express himself freely.
