LISTEN GOOD

WDGY Puts On A New Face —

A lot of you will remember last summer and fall when, along with the sounds of your favorite music you were also treated to the "Music" of Jack Hammers, Pneumatic Drills, Carpenters Saws, and of course the ever present hammers pounding away through music and news. Unlike some other businesses, radio cannot simply hang a "Pardon our Dust" sign. As they say, the show must go on, and so it did. Pictured on the front cover you see the end result.

After many man-hours and much confusion, we at WDGY now have one of the most modern and beautiful facilities in the upper midwest. Incidentally, group tours may be arranged by calling our business office at 881-2633. We do request as much advance notice as possible, so please call early. We'll look forward to seeing you —
