LISTEN GOOD . . by Johnny Canton

A couple of weeks ago, we hosted a party at our home which was attended by some real fantastic folk! Among those present were Annie and John Denver. John used the occasion to present me with a Gold Record for being the first to play his smash hit, "Take Me Home, Country Roads." It truly was a great surprise! The photo on the front of the Listen List pictures Annie, John, Sandra and myself with said record. By the by, John's new single and album should be available soon. We'll keep you posted.

It had to happen! Elvis is coming to the Twin Cities. He'll be at the Met Center Nov. 5th. We had an opportunity to see him perform at the International Hotel in Las Vegas about a month ago and he really works hard! I don't know why, but Donovan was booked in the Twin Cities the same night at the Auditorium. Rumor has it he tried to change his booking upon learning of Elvis' appearance the same evening. I don't blame him. I'm positive there are many people who want to see both acts and now will have to make an extremely difficult choice. It never ceases to amaze me the calibre and amount of talent which invades our area. Have you noticed, however, the crowds are shrinking somewhat? Has the concert dollar been exhausted to a point?

I talked to ole colleague, Scott Burton, the other day. He's making the hits happen at WWDC in Washington, D. C., plus he told me he'll be running for President in '72!

That's it—Catch up with you later!
