LISTEN GOOD by Bob Dayton

Well, I said a couple weeks ago that this would be a WDG Summer to Remember . . . and things are already starting to happen !!! You'll actually be able to share in the hot fun with WDG "Sun Certificates" that will be good for prizes and surprises throughout the summer. We'll be telling you more about how to get them in days to come.

Saw Bread, May 15 in St. Paul; and I must say they did a commendable job, under somewhat adverse conditions. The auditorium sound system gave everyone trouble, but they overcame it with some funny bits . . . and, of course, great music. The best song had to be "If." Also in concert that same night was The Association; and I understand they gave a top performance to a great crowd.

I'm really hot on the new Delaney and Bonnie record, "Never Ending Song of Love." A great hit that should really catch on! Right behind it is Gordon Lightfoot's, "I Heard You Talking in Your Sleep" . . . Beautiful song from his new album. You'll be happy to know that starting this week will be some exciting new album selections. With so many groups breaking up today, it's interesting to see one of the "greats" getting back together. The Mamas and Papas have been rehearsing about a month now, and will soon cut a new John Phillips' song. Could be perfect timing for a great summer hit!

One final salute: A) to the weatherman for making Sunday, May 9 such a beautiful day; B) to the sponsors who gave so generously; and especially to C) the more than 30,000 concerned citizens who took part in the "Walk for Development." It just goes to show the Twin Cities have really got what it takes! By the way, WDG was the only station to carry hourly reports during the walk.
